RE: Frontier Communications of the Southwest, Inc. T-20680A – Calling Features

Dear Corporation Commissioners and Staff:

Enclosed please find the original and thirteen copies of the tariff filing for Frontier Communications of the Southwest, Inc., (Frontier).

The purpose of this filing is to introduce Custom Speed Calling Thirty (30) Code Capacity, Multiple Simultaneous Call Forward, Priority Call, Selective Call Rejection and Selective Call Acceptance features.

It is respectfully requested that this filing become effective on June 15, 2014.

An additional copy of this filing is also enclosed. Please stamp this copy received and return it in the enclosed stamped, self-addressed envelope.

Please return approved stamped tariff sheets to:

Frontier Communications
Linda Saldaña
9260 E. Stockton Blvd.
Elk Grove, CA 95624

Please direct any questions or notifications of action taken on this tariff filing to Kirk Lee at (425) 261-5855.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Kirk Lee".

R. Kirk Lee

SCHEDULE NO. A-1

NETWORK ACCESS LINE SERVICE (continued)

CONDITIONS (continued)

A6 Custom calling service (continued)

B3 Description of service (continued)

C9 Caller ID

Caller ID provides for the display of an incoming name and telephone number on a customer provided display device attached to the customer's telephone line or on a telephone or answering machine with a built-in display screen. The Caller ID feature will forward the calling name and number from the appropriately equipped central office to the customer provided display device. The Utility will forward all non-blocked names and telephone numbers (including Nonpublished and Nonlisted telephone numbers) subject to technical limitations. Anonymous Call Block is included with this service at no additional cost where facilities and conditions permit.

All customer provided equipment used to interface with Caller ID must be connected in accordance with the provisions of the Federal Communications Commission's Registration program. Any intent to sell name(s) and/or number(s) gathered as a result of Caller ID is prohibited. This service is available only where facilities and conditions permit.

C10 Distinctive Ring

Distinctive Ring provides the customer with two separate telephone numbers on one line, each with its own distinct ring for call differentiation. A directory listing may be established on the second number at no charge.

C11 Select Call Forwarding

Select Call Forwarding is an arrangement which permits a customer to pre-specify a maximum of 12 telephone numbers from which incoming calls are to be forwarded. During the period that Select Call Forwarding is activated, only calls from the pre-specified numbers will be forwarded.

C12 Selective Blocking - Per Call

Selective Blocking - Per Call provides free per-call blocking. Customers may prevent the delivery of their name and/or telephone number to the called party on a call by call basis. This is accomplished on a per call basis when the customer dials the Selective Blocking - Per Call activation code prior to placing the call. Selective Blocking does not prevent delivery of names and/or telephone numbers when services that utilize Automatic Number Identification (ANI) are called (e.g., 0+, 0-, 700/800/877/888/900 and 911 Services). With Per Call blocking, telephone number announcement and call completion will be prevented through the use of *69 service.

SCHEDULE NO. A-1

NETWORK ACCESS LINE SERVICE (continued)

CONDITIONS (continued)

A6 Custom calling service (continued)

B3 Description of service (continued)

C13 Complete Blocking - Per Line

Complete Blocking - Per Line provides free per-line blocking. The service prevents the delivery of the customer's name and/or telephone number to the called party. A Complete Blocking - Per Line customer has the option of deactivating the blocking feature and forwarding their name and/or telephone number on a per call basis by dialing a code prior to placing the call. Complete Blocking does not prevent delivery of names and/or telephone numbers when services that utilize Automatic Number Identification (ANI) are called (e.g., 0+, 0-, 700/800/877/888/900 and 911 Services). With Per Line blocking, telephone number announcement and call completion will be prevented through the use of *69 service.

C14 Multiple Simultaneous Call Forward

(N)

This feature provides a business customer with the capability to specify the number of calling paths that will be forwarded from one subscriber line to another telephone number. The feature is offered where facilities permit and at no time will this service take precedent over the requirement for these facilities to provide a customer with telephone service. Multiple Simultaneous Call Forward is restricted to voice use only. The feature is available only as an enhancement to one or more of the following features: Call Forwarding, Call Forwarding Busy and Call Forward No answer. Multiple Simultaneous Call Forward is limited to ten (10) call forwarding paths per telephone number. It can be used with any of the following services: B1, PBX, Centrex and ISDN BRI.

C15 Priority Call

Priority Call allows a customer to assign, up to 15 telephone numbers within their LATA, a distinctive ring to alert him/her when any of the 15 assigned numbers is calling him/her. It also includes a special Call Waiting tone for customers who have Call Waiting. When a customer subscribes to Priority Call, the service is equipped on the line and the customer is ready to establish a customer telephone number list. To gain access to this service, the customer dials "*61" or "1161" on a rotary telephone.

C16 P Selective Call Rejection

Selective Call Rejection allows a customer to block incoming calls from a maximum of 12 telephone numbers. The customer also can block incoming calls placed from the last calling number even if the number is unknown to the customer. Blocked calls are routed to a recorded announcement, which specifies that the called party is not accepting calls.

C17 P Selective Call Acceptance

Screens incoming calls and only allows access to those telephone numbers on a customer determined list (up to a maximum of 12 telephone numbers). All others will be directed to a pre-recorded message.

(L) Item C12 relocated to Sheet No. A1-19.
